Algebraic Geometry

Algebraic geometry
Bump, Daniel, 1952-

Algebraic geometry: a volume in memory of Paolo Francia

Algebraic geometry in coding theory and cryptography
Niederreiter, Harald, 1944-

Algebraic models in geometry
Félix, Y. (Yves)

Current research topics in Galois geometry

Fourier-Mukai transforms in algebraic geometry
Huybrechts, Daniel.

Geometric aspects of Dwork theory

Geometric modeling and algebraic geometry

Geometry of time-spaces non-commutative algebraic geometry, applied to quantum theory
Laudal, Olav Arnfinn.

Hodge theory and complex algebraic geometry.
Voisin, Claire, 1962-

Hodge theory and complex algebraic geometry II
Voisin, Claire, 1962-

Iterated integrals and cycles on algebraic manifolds
Harris, Bruno.

Lectures in real geometry
Local analytic geometry
Abhyankar, Shreeram Shankar.

Mathematics of shape description a morphological approach to image processing and computer graphics
Ghosh, Pijush K.

Mumford-Tate groups and domains their geometry and arithmetic
Green, M. (Mark)

Using algebraic geometry
Cox, David A.
